

NETWORK TECHNICIAN

R J McCarthy LP is Canada's leading school uniform and specialty school Apparel Company. Over the last 50 years, we have built our leadership position in Canada by following our mission of creating the world's highest quality school uniforms in a socially responsible way. Nationwide we have 14 locations with over 300 team members. We currently have an immediate opening for Network Technician.

Reporting directly to the IT/IS Manager you will be responsible for the following:

- Maintain server and client hardware/software.
- Monitor the daily back-up system.
- Install, analyze, and maintain network PC and infrastructure.
- Perform troubleshooting on all aspects of system infrastructure.
- Document current & future system developments – train end users.
- Support the maintenance and trouble-shooting requirements of information systems
- Develop and maintain an inventory of all components and equipment, including monitors, keyboards, hard drives, modems and network cards.

Success in this role calls for superior communication and organizational skills. The ideal candidate will have a Degree or Diploma in Computer Science and:

- 2+ years of experience as a Network Technician
- Excellent interpersonal skills and ability to work effectively with all levels of management
- Thrive in a team-oriented and fast paced environment
- Demonstrated problem solving, analysis and troubleshooting skills
- Ability to travel and work at various sites as required

We offer a competitive salary, benefits package and bonus plan.

If you are interested in applying for this position, please forward your cover letter and resume to resumes@rjmccarthy.com.

We thank all applicants for their interest in joining our Team; however, only successful applicants will be contacted for an interview.
